

PRODUCTION ALERT-
EIDC To Relocate in December 2005
September 16, 2005

We have some great news.

As you may have already heard, EIDC has been working to relocate to new office space that will help us better serve our clients and the community at large. We have explored numerous options, and are pleased to announce that arrangements have been finalized to move downtown to Los Angeles Center Studios.

While we have enjoyed our nine years in Hollywood, EIDC's new location will improve our access to the vital downtown production center, and your access to us.

The move will commence in mid-December, which we believe will be most convenient for all our customers. It will also help us ensure that there is no disruption of EIDC services.

We will provide our new mailing address and other details shortly.
