INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
FilmL.A., Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of FilmL.A., Inc., which comprise the statement of financial position as of June 30, 2016, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of FilmL.A., Inc. as of June 30, 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited FilmL.A., Inc.'s 2015 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 22, 2015. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2015, is consistent, in all material respects, with the audited financial statements from which it has been derived.

NOTES TO FINANCIAL STATEMENTS

June 30, 2016

NOTE 1 - NATURE OF ORGANIZATION

FilmL.A., Inc. (the Organization) is a nonprofit 501(c)(4) public benefit corporation, organized for public purposes under the California Nonprofit Public Benefit Corporation Law.

In recognition of the importance of film and media production to the Southern California regional economy, the Organization was formed in 1995 in an effort to enhance film and media production and to attract and retain jobs.

The Organization supports efforts to retain film and media production in the region by:

- Providing efficient film permit coordination services.
- Serving as a resource for, and a liaison and mediator between, diverse communities and the production industry and local governments on film and media issues to mitigate the impact filming may have on the local residents and merchants.
- Creating opportunities and programs for enhancing, improving and addressing needs relating to the film and media production industry.

The Organization has contracts with multiple governmental entities ("permitting authorities") including the City of Los Angeles and the County of Los Angeles. The Organization contracts with each permitting authority with varying terms and expiration dates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) BASIS OF PRESENTATION

The accompanying financial statements have been prepared on the accrual basis of accounting.

(b) ACCOUNTING

To ensure observance of certain constraints and restrictions placed on the use of resources, the accounts of the Organization are maintained in accordance with the principles of net assets accounting. This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into net asset classes that are in accordance with specified activities or objectives. Accordingly, all financial transactions have been recorded and reported by net asset class as follows:

- **Unrestricted Net Assets.** These generally result from revenues generated by receiving unrestricted contributions, providing services, and receiving income from investments less expenses incurred in providing program related services, raising contributions, and performing administrative functions.
- **Unrestricted Board-Designated Net Assets.** These are comprised of resources which the Board of Directors has designated to be used for future capital expenditures and establishing operating reserves. At June 30, 2016, there are Board-designated reserves of \$6,969,042, which include \$4,469,042 of capital expenditures reserves and \$2,500,000 of operating reserves.

FILML.A., INC.

NOTES TO FINANCIAL STATEMENTS

June 30, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(c) CASH AND CASH EQUIVALENTS

The Organization considers all highly liquid investments with an original maturity of three months or less at purchase to be cash and cash equivalents. The carrying value of cash and cash equivalents at June 30, 2016 approximates its fair value. The Organization has contracts with various permitting authorities that require cash reserves as determined by the contracts. Required cash reserves at June 30, 2016 were \$1,739,941.

The Organization maintains its cash and cash equivalents in bank deposit and money market accounts, which, at times, may exceed federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

(d) INVESTMENTS

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at fair value. Interest and dividend income and gains and losses on investments are reported in the statement of activities as increases or decreases in unrestricted net assets unless their use is temporarily or permanently restricted by donor stipulations or by law.

(e) ACCOUNTS RECEIVABLE

Accounts receivable are recorded when billed or accrued and represent claims against third parties that will be settled in cash. The carrying value of receivables, net of the allowance for doubtful accounts, if any, represents their estimated net realizable value. The allowance for doubtful accounts, if any, is estimated based on historical collection trends, type of customer, the age of outstanding receivables and existing economic conditions. If events or changes in circumstances indicate that specific receivable balances may be impaired, further consideration is given to the collectability of those balances and the allowance is adjusted accordingly. Past due receivable balances are written-off when internal collection efforts have been unsuccessful in collecting the amount due. As of June 30, 2016, accounts receivable are deemed fully collectible by the management of the Organization.

(f) PROPERTY AND EQUIPMENT

Property and equipment are recorded at cost if purchased or at fair value at the date of donation if donated. Depreciation is computed on the straight-line basis over the estimated useful lives of the related assets. Maintenance and repair costs are charged to expense as incurred. Property and equipment are capitalized if the cost of an asset is greater than or equal to \$2,500 and the useful life is greater than one year.

FILML.A., INC.

NOTES TO FINANCIAL STATEMENTS
June 30, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(f) PROPERTY AND EQUIPMENT (continued)

The estimated useful lives of property and equipment are as follows:

Software and Development Costs	3 Years
Computer Equipment	3 Years
Office Equipment	3 - 5 Years
Furniture and Fixtures	5 - 7 Years
Leasehold Improvements	Shorter of the Lease Term or Estimated Life of the Improvement

Software and development costs related to the permitting system have been capitalized or expensed in accordance with accounting standards on internal-use software recognition.

(g) LONG-LIVED ASSETS

The Organization evaluates long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. An impairment loss is recognized when the sum of the undiscounted future cash flows is less than the carrying amount of the asset, in which case a write-down is recorded to reduce the related asset to its estimated value. No such impairment losses were recognized during the year ended June 30, 2016.

(h) DUE TO PERMITTEES

Due to permittees represents amounts that the Organization expects to refund to its customers, in accordance with the terms and conditions of the film permits, when the actual amount that the Organization is billed by the permitting authorities for fees related to an individual permit is less than the amount estimated by the permitting authorities at the time the permit is issued. Following the completion of the permit activity, the permitting authorities bill the Organization for the actual service fees related to each permit. The amount the Organization actually pays the permitting authorities in connection with an individual permit may be less or more than the estimated amount collected from the customer. When the Organization charges its customers more than what it finally pays the permitting authorities, the Organization will refund the difference to the permittee in accordance with the terms and conditions of the film permit. Excess estimated service fees are recognized as permit operations revenue in the period following lapse of the refund request requirement, which is 90 days after the end of filming.

During the year ended June 30, 2016, the Organization recognized \$1,747,421, for unrequested refunds, which is included in permit operations in the accompanying statements of activities. Unrequested refunds represented 18,866 permit line item charges with an average unclaimed refund amount of \$92.62 for the year ended June 30, 2016.

FILML.A., INC.

NOTES TO FINANCIAL STATEMENTS

June 30, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(i) DUE TO CONTRACTED PERMITTING AUTHORITIES

Due to contracted permitting authorities represent amounts that the Organization estimates it will become obligated to pay permitting authorities for fees incurred in connection with filming activities conducted by the Organization's customers. Prior to releasing a permit, the Organization collects from its customers the total amount it charges for the permit. The total collected includes the permitting authorities estimates of certain fees relating to the permit. Following completion of the associated permit activity, the permitting authorities submit invoices to the Organization for the actual fees and services incurred, which are based on the actual filming activity for that permit.

Permitting authorities historically invoice the Organization within one to twenty-four months from the date of permit issuance. The Organization is required to remit payment for service fees to the permitting authorities within sixty days of invoice receipt from the permitting authorities. The Organization estimates the liability to contracted permitting authorities based on the invoiced permits.

(j) DEFERRED RENT

The Organization recognizes the benefits of rent abatement and other lease incentives, as well as escalating rent provisions, on a straight-line basis over the term of the lease. The resulting difference between rent expense and rent paid is recorded as a deferred rent liability. The deferred rent liability is then amortized on a straight-line basis over the lease term as a reduction in rent expense. The deferred rent liability at June 30, 2016 is \$1,513,012.

(k) REVENUE RECOGNITION

Permit application, processing and other service fees are recorded as revenues in the period in which permits are issued or services are rendered. Excess estimated service fees are recognized as revenue in the period following lapse of the refund request period.

(l) ADVERTISING COSTS

The Organization expenses the costs of advertising and promotion as incurred. Total advertising and promotion expense for the year ended June 30, 2016 was \$34,550.

(m) FUNCTIONAL ALLOCATION OF EXPENSES

The costs of providing the Organization's programs and other activities have been presented in the statements of activities. During the year, such costs are allocated among program and support services by a method that best measures the relative degree of benefit. The Organization uses facility square footage and employee full-time equivalents and salary dollars to allocate indirect costs.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(n) INCOME TAXES

The Organization is a tax-exempt organization under Section 501(c)(4) of the Internal Revenue Code (the Code) and corresponding California provisions, as the Organization qualifies as a charitable organization whereby only unrelated business income, as defined by Section 512(a)(1) of the Code, is subject to federal or state income tax. The Organization currently has no unrelated business income. Accordingly, no provision for federal or state income taxes has been recorded.

(o) USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses at the date of and for the period presented. Actual results could differ from those estimates.

(p) COMPARATIVE INFORMATION

The financial statements include certain prior-year summarized comparative information. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2015, from which the summarized information was derived.

(q) RECLASSIFICATION

For comparability, certain June 30, 2015 amounts have been reclassified, where appropriate, to conform with the financial statement presentation used at June 30, 2016.

(r) NEW ACCOUNTING PRONOUNCEMENTS

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update ASU No. 2016-02, *Leases*, which is intended to improve financial reporting about leasing transactions. The new standard will require organizations that lease assets with terms of more than 12 months to recognize on the statement of financial position the assets and liabilities for the rights and obligations created by those leases. The ASU also will require disclosures to help financial statement users better understand the amount, timing, and uncertainty of cash flows arising from leases. These disclosures include qualitative and quantitative requirements and providing additional information about the amounts recorded in the financial statements. For the Organization, the ASU will be effective June 30, 2021.

FILML.A., INC.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(r) NEW ACCOUNTING PRONOUNCEMENTS (continued)

In August 2016, FASB issued ASU No. 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities (Topic 958)*, which is intended to reduce complexity in financial reporting. The ASU focuses on improving the current net asset classification requirements and information presented in financial statements that is useful in assessing a nonprofit's liquidity, financial performance, and cash flows. For the Organization, the ASU will be effective June 30, 2019.

(s) SUBSEQUENT EVENTS

The Organization evaluated events and transactions occurring subsequent to the statement of financial position date of June 30, 2016 for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through November 18, 2016, the date these financial statements were available to be issued. No such material events or transactions were noted to have occurred.

NOTE 3 - INVESTMENTS

The Organization has implemented the fair value accounting standard for those assets that are re-measured and reported at fair value at each reporting period. This standard establishes a single authoritative definition of fair value, sets out a framework for measuring fair value based on inputs used, and requires additional disclosures about fair value measurements. This standard applies to fair value measurements already required or permitted by existing standards.

In general, fair values determined by Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets. Fair values determined by Level 2 inputs utilize data points that are observable such as quoted prices, interest rates and yield curves. Fair values determined by Level 3 inputs utilize unobservable data points for the asset and include situations where there is little, if any, market activity for the asset.

The following table presents information about the Organization's assets that are measured at fair value on a recurring basis at June 30, 2016 and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value:

	Fair Value Measurements Using			
	Year Ended June 30, 2016	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money Market Funds	\$ 2,652	\$ 2,652	\$ -	\$ -
Bond Funds	3,641,896	3,641,896	-	-

TOTAL INVESTMENTS	\$ 9,427,446	\$ 9,427,446	\$ -	\$ -

FILML.A., INC.

NOTES TO FINANCIAL STATEMENTS June 30, 2016

NOTE 3 - INVESTMENTS (continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

- **Money Market Funds:** Valued at carrying amount which approximates its fair value at year end.
- **Bond Funds, Equity Funds and Exchange Traded Funds:** Valued at the closing price reported on the active market on which the funds are traded.

The Organization recognizes transfers at the beginning of each reporting period. Transfers between Level 1 and 2 investments generally relate to whether a market becomes active or inactive. Transfers between Level 2 and 3 investments relate to whether significant relevant observable inputs are available for the fair value measurement in their entirety and when redemption rules become more or less restrictive. There were no transfers between levels during the year ended June 30, 2016.

Net investment income for the year ended June 30, 2016 consists of the following:

Interest and Dividends	\$	253,955

Rent expense for the year ended June 30, 2016 was \$ 609,170.

(b) LITIGATION

In the ordinary course of conducting its business, the Organization becomes involved in various lawsuits. Some of these proceedings may result in judgments being assessed against the Organization, which, from time to time, may have an impact on changes in net assets or its financial position. The Organization does not believe that these proceedings individually, or in the aggregate, would have a material effect on the accompanying financial statements.
