

SOUND STAGE STUDY

Film
LA

MARCH 2023

FOREWORD

The operating metrics/data in this study (*i.e.*, number of projects, stage shoot days and occupancy) pertain to year 2021.

All data pertaining to certified sound stage space in Los Angeles, competitive jurisdictions, and planned and proposed studios is current as of the time of this study.

At the time of preparing this report, the industry is being impacted by corporate restructuring and impending union negotiations which have caused many productions to pause.

↳ FilmLA reported that year-over-year shoot day activity was already down -19.5 percent in Q4 2022

**A certified sound stage is a building or portion of a building usually insulated from outside noise and natural light. To obtain certification in Los Angeles, one must first obtain a certificate of occupancy or change the certificate (if an adaptive reuse) from the Los Angeles Department of Building and Safety (LADBS) and then go through a compliance process in accordance with California Fire Code Chapter 48 through the Los Angeles Fire Department (LAFD). For more information, please contact the LAFD Film Unit at lafdfilm@lacity.org or via phone at 213-978-3670.*
