

Municipal Filming Fees List

An Industry Information Resource Brought to You by FilmLA

The fees listed in this document are some of the most commonly incurred charges associated with filming in the listed jurisdictions. This is not a full, comprehensive rundown of all possible fees that could potentially apply to filming. Only jurisdictions that have contractual relationships with FilmLA are included in this list.

Please note that FilmLA does not set these municipal fees and has no authority to change them.

As part of our contractual obligations, FilmLA is required to collect certain fees on behalf of the local governments we serve. Centralized fee collection is just one of several FilmLA services aimed at streamlining the filmmaking experience for our film industry customers.

For assistance understanding which of these fees could apply to your upcoming film project, we invite you to contact our solution services team for a free production planning consultation. We look forward to helping you at 213.977.8600 or at info@FilmLA.com.
